Fourth Liberty Bond Drive To Open With Mammoth Parade

FACTORY HEADS PLAN GREAT DEMONSTRATION FOR VICTORY AT MEETING YESTERDAY EVENING

The people of Richmond in all branches of industry, from the big plants and the little ones, from superintendent to laborer, will all march for Victory Friday night as an opening demonstration of the Fourth Liberty Bond campaign, which will start on the following day, September 25th.

In seeking for some event which should fittingly represent the spirit of the city the committee could find no better expression of that spirit than the united efforts of industrialists marching in patriotic music and expressing by their presence the unwavering allegiance of all workers and leaders to the purpose of the war.

DETAILS OF PARADE.
Only the outline details of the big parade are ready today for publication. A unanimous approval of the plan was voted last night by the industrial committee of the War Savings Stamp Campaign which had met for other purposes but resolved itself into a committee to call in tomorrow in the demonstration of Friday night.

Charles F. Donnelly will act as grand marshal of the parade. Tomorrow he was busy arranging details of the event, some of which are ready for announcement.

FORM ON MACDONALD.

The units of the parade will be made up of the employees of each plant, who will march headed by the plant officials on foot. There will be no automobiles in the parade. The formation will take place on streets running north and south from First to Fourth streets and east and west of Macdonald avenue.

PROGRESS ASSURED.

With that annual policy which Charles Donnelly has of moving on time the parade will form at 7 o'clock Friday evening and move promptly at 7:15. After commencing on the avenue it will end up at the municipal band stand where speeches will be made.

OVERFLOW MEETINGS.

It is probable that arrangements will be made for two or three overflow meetings to accommodate those who cannot get near the parade. Several bands will be in the parade and these will be used to dispense music at the various points.

LOCAL PEOPLE ARE IN BIG NEW FILM

People of Richmond were interested last night at the Richmond Theater in looking for themselves in the film "Mother of Men," the scene of which were taken in the east bay section, principally in Berkeley. At the same time the dramatic interest of the film was evident in the great attention given it from start to finish.

The picture, which will show for the last time tonight, is drawn about the situation of a woman, played by actress, who meets a great artist whose husband is convicted of a crime and she is cast between duty and love when asked to pardon him.

SOCIAL MEETING AT HOME OF MRS. STIVER

The Ladies Aid Society of the Wesley M. E. church will hold a social afternoon meeting at the home of Mrs. H. A. Stiver, 155 Thirtieth street, tomorrow. All members of the organization and friends are cordially invited to attend.

RETURNED FROM FRESNO.
Coroner-Elect Charles F. Donnelly returned yesterday evening from a visit to friends in Fresno.

Yanks Must Blast Way to Metz Haig Pressing on to St. Quentin

WITH THE AMERICAN ARMY ON THE LOURRAINE FRONT.
September 23. — The American army is pressing forward on the Lorraine front, according to a statement issued by the American War Department today. The statement says that the American army is making rapid progress and is expected to reach Metz in a few days.

The German army is also making progress, according to the statement. The German army is expected to reach Metz in a few days. The statement also says that the American army is making rapid progress and is expected to reach Metz in a few days.

Upon his return he was unable to calculate the exact distance to the enemy position, but officers were able to figure it from his statement. "It's about three miles—three returning."

Some of the men who went with this big Indian declare that he is a marvel. He is never known to sleep and is unusually clever in discovering dummy trees, in which the Germans have planted machine gun posts.

Without leaving the trenches he is able to distinguish the dummies from the real trees.

There is a story going the rounds of the regiment that the Indian's brother was killed by the boobies and that he is determined to get a "revenge" for every year of his state brother's age. The brother was 20 years old, the story goes, and the scout already has many toches to his credit.

HEAD SEVERED WHEN AUTO HITS ELECTRIC AT HIGH SPEED

ALBANY, September 24. — One man had his head almost severed from his body by flying glass and another was seriously cut and injured when George Hansen, 347 Talbot avenue, Albany, drove his automobile into the back end of a Southern Pacific electric train at San Pablo avenue and Main street, Albany, early last evening.

William Peacock, 142 Talbot avenue, Albany, was thrown through the windshield of the machine. He was taken to the Goodwill Hospital in Berkeley, where because of a scratch in his throat, his condition is declared precarious. He is married and has three children.

The witnesses to the accident say that Hansen drove his machine at a speed of 30 miles an hour into the electric train. He also was hurled through the windshield but escaped with comparatively slight injuries.

VISITED HARRY ADDISON.

Harry Addison is farming in the vicinity of Watsonville and he was visited Sunday by Charles Walker, J. O. Ford and E. F. Jones, all of this city.

THEODORE BELL WILL BE CANDIDATE FOR GOVERNOR OF STATE AS AN INDEPENDENT

It is authoritatively announced today at noon that the supreme court of California has rendered its decision that neither Ralph nor Henry can be a candidate for governor for the democracy of California. Roughly speaking, Ralph is barred out because he is a Republican and has no right on the democratic ticket and Henry is not permitted to have his name printed on the ballot for the reason that he did not receive a sufficient number of votes to permit it.

So Theodore Bell is going to be the candidate for the Democrats and the leader of the Republican Party in opposition to Governor Stevens. Bell's name as an independent candidate will go on the ticket by petition and already there are thousands of these being circulated throughout the state by zealous workers.

Approximately 10,000 signatures must be secured between this time and Thursday evening and it is expected that 200 of these will be found in Richmond. The point is that only those are qualified to sign Mr. Bell's petition who did not vote for governor at the primary election. Forty per cent of those who registered before the primary election and all of those who registered since the primary election are thus qualified to sign for Mr. Bell is going on the ticket as an independent and expects to draw his support from all parties.

If you have not voted at the primary election, call at the Record-Herald office and sign Mr. Bell's petition to have his name placed on the ballot. He is a good and popular man in this state and beside everything else, political parties are entitled to be considered in matters of this nature.

RICHMOND PROMISES QUOTA ON WAR SAVING STAMPS DRIVE

The general committee for the War Savings Stamp drive met last evening and from the reports turned in it was found that Richmond has secured pledges for her quota in full, but that does not mean that Richmond has paid over the money for all the stamps she has promised to take—not by a good sized city block.

Richmond people have promised the \$200,000 which has been allotted to her and a considerable portion of the money has been paid in, but not all of it. There is much yet to be collected and we must keep plugging away until the last five-cent piece is safely and hurriedly on its way to Washington to buy bullets to beat the Hun.

Somebody has said that the people of Richmond must buy \$400 worth of War Stamps every day of the week between this time and New Year's in order to make good and if this is true we had better get busy and keep busy. Some days we will not take in that much money and then we will have to make it up on some other day.

TWILIGHT LODGE WILL ENTERTAIN LODGE FRIENDS

Twilight Lodge of Odd Fellows will give a social dance and musical program tomorrow evening at Moose Hall and they invite all the Odd Fellows, their families and friends to be present on that occasion.

The Odd Fellows promise a delightful evening to everybody who turns out tomorrow evening.

ONE OF THE WAR POSTERS

"Tell That To The Marines." This poster is one of the latest art work of America's foremost artist, James Montgomery Flagg.

A wonderful suggestion, a Red Headed Irishman, seeing in the papers that the Hun was killing women and children, is taking off his coat, showing his willingness to fight.

The Marine Corps middle name is FIGHT. They have been doing nothing else since 1775. Yes, before the Republic, they have fought in every war, they distinguished themselves in every clime, and upheld the Nation in honor for over a century.

At the present time, in this great war, the Marines have again won fame, they showed the world the stuff they were made of when they stopped the rush of the Hun at Chateau Thierry. They also showed the world that the way for the American Marines to hold on to the line is TO ADVANCE IT.

Recruiting for the Marine Corps has temporarily been suspended but it is expected to reopen recruiting soon.

The above poster can be obtained for exhibition purposes by writing to the Marine Corps Publicity Office at 371 Market Street, San Francisco, California, free of charge.

PHRENCH MAKE GAINS

PARIS, September 24, 11:45 a. m. — Two solid German trenches in the Champagne sector last night were the French forty thousand, the war office reported today. Around St. Quentin and between the Ailette and the Aisne the night was marked by heavy artillery fire.

The text of the war office statement follows: "During the night there was marked artillery activity in the sector of St. Quentin and between the Ailette and the Aisne."

In the Champagne in two raids on the German trenches in the region of Peronne and toward St. Mihiel, we took forty prisoners. There was nothing to report elsewhere."

RAISER-GIVES IRON CROSS.
LONDON, September 24. — Major William Vinton Dwyer, who flew yesterday, according to an American dispatch in the Associated Press, was awarded the Iron Cross by the German High Command.

Major Dwyer was captured in the air over the English Channel and was taken to a German prison camp. He was later released and returned to his own country.

PHILADELPHIA CLASS WILL GIVE SIXTH SOCIAL.
The Philadelphia class of the Wesley M. E. church will give a sixth social Friday evening, September 27th, in the basement of the church at Ninth street and North avenue.

The young people here a fine patriotic program and extend a cordial invitation to all to attend.

IT'S GOOD PATRIOTISM TO SAVE

Are you among the patriotic savers? If not then enroll with them now.

ADVERTISING CAMPAIGN.

Ten million posters and display cards designed in the spirit of "no compromise with the Hun" have been prepared by the Bureau of Publicity of the Treasury Department for the Fourth Liberty Loan campaign, which begins September 23. The designs are 11 in number, 10 of them being pictorial in their appeals, and the eleventh, a card, carrying a representation of the Fourth Liberty Loan button and exhorting every loyal American to wear the button as a badge of honor.

The new posters "hit the Hun between the eyes" figuratively speaking, revealing the menace of Teutonic Kultur in all its hideous significance.

A strong appeal to the nobler instincts of humanity is contained in Walter H. Meyer's design, the original of which is a fine oil painting of a mother clutching a child to her breast while another child lies dead at her feet. The mother's left arm stretched forth in an agony appeal. This poster lettered "Must children die and mothers plead in vain?" is lithographed in 10 printings. Joseph Pennell, has delineated the Statue of Liberty crumbling under German shell fire, and silhouetted against a lurid sky and the blazing ruins of the city of New York. This poster is captioned "That Liberty Shall Not Perish from the Earth." Five hundred thousand are being issued in color printings and smaller size in rotogravure.

The menace of Hunland is exemplified in a poster by Peering over the edge of Europe, his predatory gaze fixed upon the United States. The picture is captioned "Look back the Hun with Liberty Bonds."

One of the most powerful posters of the series is a bloody hand print captioned "The Hun—His Mark." Blot it out with Liberty Bonds, typifying the murder lust of the Hun. The artist is J. Allen St. John.

A pair of bloody boots, ornamented with the Imperial German eagle and captioned "Keep These On the U. S. A." constitutes another poster and conveys a message which may be read and understood at a glance. The artist is John Norton.

Others consider a design by Ellsworth Young one of the strongest of the series. It shows a silhouette of a Hun dragging a girl against a vivid background streaked with blazing embers, and bears the significant caption "Remember Belgium."

An oblong poster by J. Scott Williams, represents a figure of Victory bearing a flag and with marching troops silhouetted against a stormy background. Behind the figure of Victory is a majestic representation of the American eagle in full flight. This poster is being lithographed in eight printings, and is also being used as a 24-sheet poster for billboards.

Walter Whitehead has depicted an American in a heroic attitude, rifle and bayonet in hand, facing the foe. This poster bears the stirring admonition, "Come On! Hun or Home?" is the caption of a poster by Henry Raleigh, the artist who executed the "Hit the Hun" poster which was so popular in the Third Liberty Loan campaign. Mr. Raleigh's Fourth Liberty Loan poster represents a Hun invading a home while a little girl with a baby in her arms gazes in startled apprehension at him.

Edward Chandler Christy is the

designer of the tenth poster, which shows the figure of Victory towering above a Hun cowering in action on a battlefield, and captioned, "Clear the Way." Mr. Christy's representation of the Hun was taken from a photograph made by an officer when a gun was actually being fired.

The posters will become available to the public through the Liberty Loan committees of the respective districts, but they will not be displayed until the opening week of the campaign.

Senator Lodge's peace terms speech appears to have pleased the majority of our Allies as much as it angered our enemies—which is precisely what was to be expected from its frank, unpromising tone. But some echoes that it aroused in England, are particularly significant.

Why is it left to the United States to speak in these terms? demands one London journal, raising a question which has troubled many thoughtful Americans and Frenchmen as well as Britons. What Senator Lodge said was in no sense official, but if he translated President Wilson's vague peace principles into concrete terms, the president's own indefinite and oft-repeated phrases were a thousand times more specific than anything the Entente leaders have said of the subject of peace terms.

The truth, the incredible truth is that for all the unselfish and vigorous cooperation between the enemies of Germany on the military side, there is a complete absence of real agreement on the diplomatic side. No two of the Allies are in complete agreement as to what peace terms should be, and the Allied cause suffers in consequence.

Lack of diplomatic unity is apt to be as disastrous in its way as lack of military unity was before Marshal Foch was given supreme command. If Senator Lodge's terms, or some manifesto approximating them, were proclaimed by all the Allies with one voice there would be an end to German peace propaganda as well as to pacifist outbursts in the various Allied countries.

MORE GERMAN KULTUR
Military chieftains are justified in taking advantage of any information that may come their way from whatever source. To reject intelligence conveyed by spies or even traitors would be an inexcusable adherence to ethical codes that obtain in normal times and between friendly persons and powers. But there is a limit to which even nations may go in the deliberate organization of an espionage system. Germany is the first government in history, so far as our reading shows, to finance the wanton and send her forth to glean information from the foe. With the Kaiser's government this has been a common practice from the beginning of the world conflict. Harlots were a part of the system in Paris and in London even before August, 1914, and since then their activities have spread all over the world. Their chief purpose is to beguile officers and pick up scraps of information from them while in their company. The practice is a sinister sublimation of the Russian trick that makes everything subservient to German aggression—even the virtue of German women.

Some of our strong minded women are advocating free love, or some such fool thing to make

up for the loss of the men killed in the war. There may be a very few American women who would accept such a condition in the affairs of the nation, but they are very few. The Lord. The American people will multiply and be replenished, regardless of the small loss of life on the battlefield and these people who are trying to re-make the world's ideas to suit their warped minds.

WORLD CHAMPION WALKER WANTS BIG CONTEST

Discomfite Moro, who claims to be the champion walker of the world, Walker Fred H. Crumley, the champion walker of New Zealand, a mile near the city hall Sunday and made the distance in six minutes and twenty-four seconds, defeating his opponent by a wide margin.

Moro has walked in nearly all of the big cities of the world, and is a veteran at the game.

Moro is willing to challenge any one to a walking match for any distance from a mile to fifty miles.

Some time ago Moro walked from Oakland to San Jose, a distance of fifty miles in eight hours and sixteen minutes.

NOTICE TO THE PUBLIC

TO THE PUBLIC OF CONTRA COSTA AND ALAMEDA COUNTIES

Conforming to the endeavors of the California State Council of Defense, along the lines of conservation of MAN POWER and the elimination of waste, the laundries of Contra Costa and Alameda Counties are introducing economies in the collection and delivery of laundry work, which will tend to save both man power and material.

In the bringing about of these economies it is necessary to enlist the co-operation of laundry patrons to the end that the route-man's time be, as far as possible, economized.

We, the undersigned, will, on and after September 30, 1918, place our business on a strictly cash basis. Our route-men will be instructed to deliver no bundle unless paid for.

This is in no way a reflection on one's credit, but the increased cost of operation, our labor to be paid weekly, and all material and supplies on practically a cash basis together with past and possible future changes of route-men, due to war conditions, make it necessary to take this step.

For the convenience of our patrons, we will issue coupon books in denominations of \$2.50 and \$5.00. These coupon books can be procured from our Route-men or at the office. Unused coupons will be redeemed at their full face value.

SERBS MAKE GAINS OVER WIDE FRONT RUMANIA

LONDON, September 24.—Serbian troops have cut the main railway line between Uskub and Salonski and are on the western bank of the Vardar River, according to the Serbian official statement of Sunday.

West of the Vardar the Serbians have cut the railway line to Prijepe, which is the main line of German communication in this region. Serbian infantry units now are in the mountainous regions and advanced twenty-five miles in one day. The number of prisoners and the amount of war materials captured increase daily.

The neighboring German and Bulgarian sectors now are feeling the loss of the communication lines. Enemy reinforcements have been forced to retreat.

Since September 15 the Serbians have advanced forty miles.

E. M. DEARBORN IS NOW IN FRANCE

Eddie Dearborn and the other Richmond boys in his unit who trained in the aviation corps near Fort Sam Houston, Texas, are probably in France by this time. Secretary I. L. Dearborn, of the Merchants' Association received a letter from his son Saturday and he told of the removal of his camp from the interior of England to the British Channel, where he expected they would embark for the war zone in France.

There are a vast number of troops in England and from there it is but a matter of a few hours to go across the channel into France and thence to the war area. Young Dearborn has been in Great Britain for the past six months and he is among a large number of highly trained specialists in the aero service.

Not One Chinese in Ten Thousand Has Constipation

except a few drug users, while about 80 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALTIES give the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels ill, the first thing he does is to take a PILL. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, constipation becomes a habit, the weakened bowels drag and drag again, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file."

"Five Million Men in France!" If the Americans at Cantigny, at Chateau Thierry, along the Marne and around Soissons, has proved a whirlwind, which von Hindenburg could not withstand this year, what will be the German terror when "Forward to Victory" rings out next year to armies that hide the plains.

The rich blood of sacrifice already strengthens the soil of American resolution from which will spring the flower of triumph. The sacrifice abroad must be met by sacrifice at home. No effort we at home can make will approach the price paid willingly by those who do not return from the battle for Democracy.

MAGNIFICENT BILL WILL GREET ORPHEUM PLAYGOERS

"Where Things Happen," the sensational "Flash Drama" that opened the second week of the season at the Orpheum, Oakland, is a vaudeville act—because it heads a vaudeville bill. But it is more than that; it is a production and an innovation in the drama so startling that its effects can only be felt, and cannot be described. It is like trying to describe the effects of thunder, or some other great force that shakes one's innermost consciousness. It is weird, perhaps, in one sense, it is certainly making the East Bay theatergoers talk.

Emily Ann Wellman, the creator, has taken one of the strongest dramatic stories of the season, and by the magic of electric light has made it a visual train of human thought. It astounds, it enraptures. And it pleases—much so, to hear Orpheum audiences comment this week.

This is only one of the good things on the bill for the current week. There is Alla Moskova, the celebrated Russian dancer, and one of the most beautiful women of the land that the East Bay has seen. She and her company of artists present some charming pictures, some spectacular ones, and several striking examples of what she calls "Art miniature of drama."

Wilfred Clark makes laughs. The famous comedian, in his own play, "His Reel Tropic" has a veritable dramatic tempest, that he and his company put it over to the accompaniment of delighted laughter. The Misses Shaw and Campbell offer what they term "Moments Musical," a charming bit of music and comedy, and Lou Holtz, better known as "Father's Joy Boy," swings the bill back into laughs again. The Leighton Brothers add to the joy of the occasion with more comedy, of a different kind, with musical embellishments just as laughable as the rest of their lively antics, and Phillips Brady, who can do a flip-flop on a tight wire, does it and other tricks with rare nonchalance, considering the dangerous character of the work.

The Christie Comedy this week is exceptionally good, and the Pathé News interesting.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

H. G. BUTLER
Power Administrator.

CITY COUNCIL DOES ROUTINE BUSINESS FOR THE PEOPLE LAST NIGHT

Routine business occupied the time of the city council at the meeting held at the city hall yesterday evening.

In the matter of the communication from the Chamber of Commerce relating to the proposed ferry from this city to San Francisco and asking that a committee of three be appointed to act in conjunction with a like committee from the Industrial Commission, the Merchants' Association and the Commerce Chamber the following members of the council were appointed: E. J. Garrard, John G. Gorlach and Harbor Master Miner.

T. E. Clinch was given an extension of thirty days time for completing a sewer job which is now under way.

Like action was taken in the matter of a contract under way by L. L. Page for street construction work on Standard Avenue.

M. A. Hancock wants damages for street work done on Seaside Avenue. He has property there and for the past five years he has been endeavoring to have the city allow him a sum of money for alleged damages which he claims have been sustained by reason of faulty engineering work. He sent a communication to the council and the same was read and placed on file without action.

The property of Miss Downer, alleged to be in an unsanitary condition last week, has been placed in proper shape and was so reported by the Health Department.

Health Commissioner Charles R. Black and City Attorney D. J. Hall will attend the Municipalities' Convention at Riverside on the 15th of October and extending to the 18th of October. Usually several of the councilmen, including the city engineer and mayor attend these meetings, but in the interests of conservation of resources, the junket has been cut off.

The poundmaster reported that during the month of August he impounded 34 dogs and had on hand at the beginning of the month, 14, making in all 48 canines. He collected in license tax \$2 and collected for feeding them 60 cents. In other fees collected he mentions the sum of \$4, while he spent for food for them the sum of \$3.75. He does not say what became of all the dogs, but it is presumed that the most of them were put out of the way by the gas method.

Attorney Tum Suden appeared before the board and made an appeal for a franchise for the Rodeo-Vallejo ferry bus franchise which was refused by the council because there was no terminal provided for in this city. The matter is to be left in the hands of the mayor and city attorney who are having a conference this afternoon with Attorney Tum Suden in the city attorney's office.

The city is going to turn in the police Ford car for a Chevrolet. It was represented to the council that the Ford is in bad condition and is in need of considerable repair work, so the order of the trade was made by the council.

The sewer manhole on Beck street has not yet been found by the street department, but a further search is to be made during the next week.

and it will be uncovered if it can be located.

Contractor George W. Cushing filed his bond for the faithful construction of the water main to the Municipal wharf. The bond is for the sum of \$7,825 and his sureties are Charles E. Blanchard and J. D. Hanna, the latter being from San Francisco. The bond was accepted and placed on file.

There is now in effect in this city an ordinance prohibiting the sale of junk without first having a permit from the police, so the people had better call up the police before disposing of their "rags, bottles, etc.," in the future and thus save themselves possible trouble.

The ordinance prohibiting the ringing of bells, blowing of whistles and other unseemly noises in the night time was read the second time last evening and is now a law. Persons who violate the provisions of the ordinance are subjected to a fine of \$500. It is pointed out that every engineer on the Santa Fe and Southern Pacific railroads running through this city, and this includes all the switch engineers, will be in jail within a short time. According to railroad men it is just simply impossible for locomotives to run without using their whistles—that what makes the thing so!

LAST SUMMONS ANSWERED BY MRS. LEFEVRE

At an Oakland hospital last evening Mrs. Una Lefevre (nee Walton) wife of Alexander Lefevre of Richmond passed away. The funeral will be held Thursday afternoon at 2 o'clock from the City undertaking parlors on Eleventh street. Deceased was aged fifty-one years, a native of Louisiana, and the daughter of the late P. M. and Zula Neville of Richmond, and sister of P. M., F. M. and J. M. Neville, Mrs. W. B. Munsey, Mrs. F. A. Burns and the late Lillie Scanlon.

GUSTAV VASA WILL GIVE WHIST PARTY

The Gustav Vasa lodge will give one of their delightful whist parties at Bank Hall on the evening of next Saturday. Those who have attended other parties of various kinds given by Gustav Vasa know that the forthcoming event will be a delightful one and there is every reason to believe that the whist party Saturday night will be equally interesting and entertaining.

Score cards for the event will be sold at 25 cents and the proceeds will be used for the benefit of the lodge.

MACABEE LADIES TO
GIVE BIG WHIST PARTY
The W. B. A. of the Macabees will give a whist party at the home of Mrs. Robbie Gibson, 413 Tenth street, on Wednesday evening, September 25th. The price of the score cards has been placed at 25 cents.

There will be six prizes given to the lucky players and the public is cordially welcomed to attend. The committee of arrangements comprise the following ladies: Mrs. L. Stoddard, Mrs. Carrie Hollenbaugh, Mrs. Margaret Gateley, Mrs. Anna Smiley, Mrs. Alice Seale and Mrs. Kate McVicker.

It is announced that no more Fords will be manufactured until after the end of the war. Now if the same ban be placed on Ford jokes war will not be without its compensations.

Small blame to Von Hertling for resigning the German chancellorship "on account of his health." The position is distinctly insalubrious.

RICHMOND MERCHANTS IN FAVOR OF GOOD ROADS TO RICHMOND AND NEW FERRY

A ferry running direct for this city to San Francisco was one of the chief discussions of the Merchants' Association meeting held in the Chamber of Commerce rooms last night. All the grocers went over to ascertain why he wants them to let the public in on the secrets of their trade, but there was a goodly crowd present for all that.

President C. E. Clark, of the Richmond Chamber of Commerce, is a strong advocate of the ferry project and he also wants Richmond to go to Martinez 25,000 strong and demand that we be given a good roads system from all portions of the county to this city. Louis Garfinkle, the well known merchant, is of the same opinion and pointed to the fact that the Mission district in San Francisco has become one of the liveliest retail centers in that city and it was accomplished by reason of the fact that the merchants stood shoulder to shoulder to secure and hold trade that rightfully belonged to them.

REV. C. E. IRONS COMES TO WESLEY M. E. CHURCH

The Conference of the Methodist church for the Northern District of California has finished its labors for the year at Stockton and adjourned after appointing ministers to the different charges in this district.

The Record-Herald is sorry that Rev. Frank Linder will not be with us as we all hoped for another year, but we consider ourselves fortunate that Rev. C. E. Irons, one of the most able men in the conference has been assigned to duty here in his stead for the coming year. Rev. J. C. Gillette comes back to the first church and Rev. Linder goes to Berkeley as assistant to Rev. E. P. Dennett, of Trinity Methodist church.

Rev. Peterson, formerly of this place is returned for another year to Placerville and Rev. David Baleson has been transferred to the Tracy charge. Here are the names of the ministers and their charges for the ensuing year for the Oakland District:

H. E. Milnes, district superintendent, Berkeley.
Alameda—First Church—E. B. Dille; Santa Clara Avenue—B. F. Ray.
Albany—To be supplied.
Antioch—G. W. Southwell.
Berkeley—College Avenue—L. R. Palmer; First Church—To be supplied.

The Choice of Those Who Know

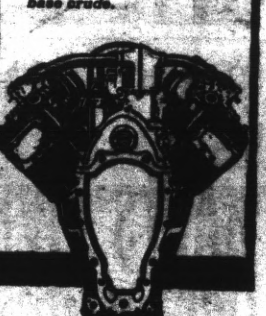

Manufacturers and leading motor car distributors recommend ZEROLENE. The majority of motorists use ZEROLENE.

ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out without exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car. At dealers everywhere and Standard Oil Service Stations.

STANDARD OIL COMPANY (California)

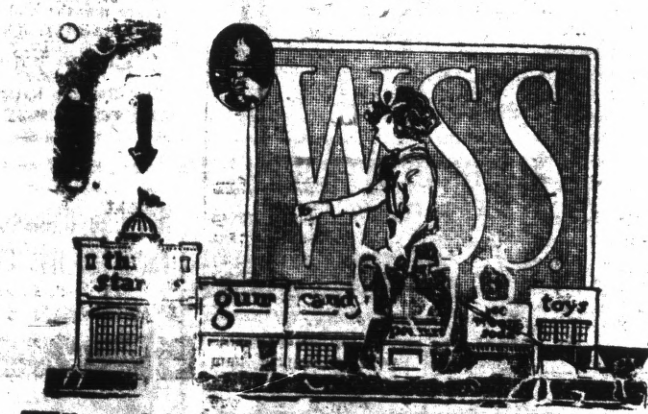

Correct Lubrication for the "V" Type Engine
This, the "V" Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chamber and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is a carefully refined, standardized California asphalt-base crude.

Thrill Stamps First

Little Bobby is a 100 per cent patriot. He likes his candy, ice cream soda, popcorn, peanuts and chewing gum just like every little boy—but today his spending money goes for "Thrill Stamps First."

Every week he adds one or two to his Thrill Card—and he is happy that in his way he is doing as much to help win the war as his Big Brother Bill who enlisted in the Marines and is on the firing line "over there" now.

We can all help beat the Kaiser and the things for which he stand—some with our swords—others with our savings. Have you the Thrill Stamp Habit? You should have—and the time to start is now.
